Joining a Session

Select the 'Join Now' button when you are ready to access the content. If the session is a livestream session, then a video will pop open and you will be able to view the content.

If you are viewing the session during the time it is aired, you can pause the content, but it will not hold your place. If you are watching a recording, you can pause and play the video like usual.

cvent

If the session is collaborative, the 'Join Now' button will prompt a Zoom window to open.

Select 'Open Zoom Meeting' or join via your browser. Reference the password field on the session page if prompted. This will open a Zoom meeting, where the host of the meeting will determine if you can unmute or turn your camera on.
